

Other Proposed Plan Actions

Commercial Use

- Strong majority of visitors indicated that they did not want guiding to occur along the routes and trails in the Primitive Zone.
- Proposed plan decision would be to continue to prohibit commercial guiding the Primitive Zone.
- Commercial use in the Transition Zone would be expanded to include the following trails/areas within recommended wilderness: Observation Point Trail, the Narrows below the Orderville Canyon junction and the Timber Creek Overlook Trail.

Designated Campsites

- Campsites could be designated in areas where resource standards are exceeded.
- Campsites would be designated in the Coalpits Wash/Southwest desert area in the near future to protect cryptobiotic soils.

Backcountry Permits

- Zion National Park has made strides in meeting backcountry visitor needs by creating the first online backcountry permit and reservation system for the National Park Service.
- Zion staff will continue to improve the online permit system so that repeat visitors can obtain up to date backcountry information and permits in a timely manner.
